**Subject:** Odessa Biodiesel 104(e) letters

Hi Kris and Mike:

An attorney for Reardon Seed Co., representing it and the owners, Fred and Vicky Fleming, today requested an extension to reply to the 104(e) letter we sent to them. I gave them until Feb 26<sup>th</sup> to respond. He said that he'd send me an email to confirm our conversation. Once I receive it, I'll forward it on to you both.

In addition, I previously also gave an extension to the county Public Development Corp. to respond. Their attorney stated that she didn't receive the letter and sign the green card until just recently. I can't remember if I had already notified you about that or not, but in case not, now you know!

Thanks.

-Dean
